UTLEIE AV LEKTER OG MASKINER

## WEEDO 900 PATROL

**Weedo 900 Patrol is a multipurpose patrol/utility craft. The boat is powered by a single diesel inboard engine fitted to a stern drive. The cabin offers seating for 3 persons, 2 on sepeate chairs and one fold away seat. In addition, a seperate room for toilet is available.**

The Weedo 900 has light but still strong hull. The design gives the boat high speed but also allows it to be stable and run with easy motion in ruff sea. With its powerful propulsion system, the boat is quick in the water and very nimble to ride.

In addition to patrol use, the craft is suited for quick transport of people and equipment. The fuel capacity is 280 ltr, giving it a range of 150nm at cruising speed at about 30 knots.

Weedo 900 is built and designed to meet our customers high demand and requirements but also fits in nicely with our pedigree of fine boats. The craft is built using good solid technical solutions in accordance with good Norwegian shipbuilding traditions. Noise is quite low which is a important factor for use in long patrol operations.

The engine cover also works as a outside seating area for 6 persons, 3 on each side.

The vessel is fitted with chart plotter and radar. A fixed VHF is also available.

### Technical data:

Overall length: 9,00 metres

Length hull: 8,00 metres

Breadth extreme: 3,10 metres

Breadth hull: 2,70 metres

Draught: 1,00 metres

Weight empty: 3 000 kg

Max speed w/3 persons: 40 knots

### Engine:

Std: Volvo Penta

Size: Volvo Penta D6 - 370

### Propulsion:

Std: Stern drive

### Materials

Hull, deck and cocpit is made of fireretardant plyestrer (FRP. The hull is divided into separate watertight compartments.

The fender system is made of special foam, and protected with tailor-made PVC cover.

Boat in pictures may show optional equipment
